HOLD-UP MEN ARE BUSY HERE

Two Men Held Up and Robbed Saturday and One Wednesday

ARREST IN TWO CASES

Three Colored Men Held For Grand Jury in the Police Court Today Following Investigation.

Highwaymen became active in this city Saturday night and two persons were held up and robbed at the point of a pistol, and it developed today that a hold up also occurred last Wednesday night.

The first held up Saturday night was that of J. H. Dowers who was held up and robbed of about $25 while on Cameron street near the Alexandria High School building. He reported that two colored men held him up.

In the police court today two colored men giving the names of Henry Stevens and Charles Boyd were held for the grand jury in connection with the robbery.

The second hold up occurred about 11 o'clock Saturday night on Duke street extended, near Ballenger's Lane, when Robert Huntington was relieved of a gold watch and chain and his pocketbook.

Huntington told the police that three men attacked him at the point of a pistol. His pocketbook contained only a small amount of cash and some papers that was discarded by the robbers and susbequently recovered by Huntington.

Frank Stover reports that Wednesday night while on North Columbus street he was held up at the point of a pistol by a lone colored highwaymen, He says the highwayman secured $48.36.

In the police court today a colored man giving the name of John Wosley was held for the action of the grand jury in connection with this robbery.

DEATHS AND FUNERALS

Mrs. Mattie E. Dunn, wife of Robert E. Dunn, of 330 North Columbus street, died Saturday afternoon at the Alexandria Hospital. Mrs. Dunn was forty-four years old. Besides her husband she is survived by two children, Miss Myrtle Dunn and W. E. Dunn.

The body was forwarded yesterday morning to Charlottesville, Va., for burial.

Helen May Madden, three years old, daughter of Mr. and Mrs. J. E. Madden, of 147 D street, southeast Washington, died Saturday at the residence of her grandmother, Mrs. M. Creegan, 211 South Royal street. Her funeral took place this morning.

SERGT. LEWIS SHOT

Camp Humphries Officer Wounded in Ankle by Colored Highwayman.

Sergt. J. N. Lewis of the engineers force stationed at Camp Humphries, was shot in the ankle by a colored highwayman Saturday night at Arlington Junction, Va. Lewis was brought to Washington and taken to Emergency Hospital.

According to the story Lewis told the police he and another soldier and about three colored men were at the junction station waiting for a car to return to the camp, when a colored man approached the group and, flashing a gun, ordered "hands up." Lewis said he leaped for the highwayman, when the latter fired and immediately ran away.

CARD OF THANKS

We wish to express our deep appreciation and sincere thanks to our friends and neighbors, organization and employes of Stamp Gumming Division, Bureau of Engraving and Printing, and Transportation Division, U. SHOOTS TWO

Husband In Jealous Rage Over Young Wife

Because of a husband's jealousy for his pretty twenty-one-year-old wife, from whom he had been separated three weeks, Mrs. Lucy Malone and George A. Norris are today at Emergency Hospital suffering from bullet wounds inflicted by Clyde J. Malone in a fight last night. Malone is locked up and charged with assault with a dangerous weapon. Mrs. Malone has filed a suit for divorce, alleging cruelty and neglect.

The fight took place at 11.30 last night at 912 O Street northwest, Washington, where Malone has an apartment, as also his sister-in-law, Mrs. Ernest Easton, with whom his wife was staying. Norris was visiting Mr. Easton, and Mrs. Easton called good-by to him as he left.

The call of "Good-by, George," attracted Malone. He left his rooms on the floor above and went to the door of the Easton apartment, with a revolver in his hand. When Norris came to the door, he said "Is this George?" and attacked him with his fists, at the same time entreating Easton to give him back his wife. When he got no answer he fired at Norris and his wife, who stood near.

UNREST IN BUENOS AIRES

Firemen Armed With Rifles Placed In Banking District

Buenos Aires, April 28.—The authorities here fear, labor disorders similar to these in January, firemen armed with rifles were placed at all corners in the banking district, as well as about the Government Palace and other Federal buildings.

As yet there are no signs of violence, but there is evidence on all sides that the authorities are prepared to prevent an outbreak.

Several organizations of armed citizens met last night to make final arrangements to co-operate with the police, it being estimated that between 5,000 and 10,000 civilians will be ready for such service.

Bank employes have struck, burning many books and records before leaving their offices.

KILLED BY TRAIN

John Smotherland, Colored, Meets Death Near Roberts Crossing

John Smotherland, colored, about sixty years old, who was employed as a track hand by the Southern Railway Company, and whose home was in Salisbury, N. C., was struck and killed Saturday by a train at Roberts' Crossing, west of this city.

Coroner's jury, summoned by Dr. T. M. Jones, met Saturday night at Wheatley's mortuary chapel and gave a verdict that he came to his death by being struck by the cars on the Southern Railway Company's tracks.

The jury was composed of Thomas Chauncey, foreman; F. A. Church, William Baader, R. S. Cleveland, C. E. Remington, Edgar Padgett.

The body was shipped yesterday by Undertaker Wheatley to Salisbury for burial.

ATTEND SHRINERS MEETING

More Than 50 Members From Here See 300 Cross Hot Sands

More than fifty members of Acca Temple, Mystic Shrine, this city, Saturday night witnessed the conferring of the degree work of that order on a class of nearly 30 candidates at Lynchburg. The hot sands of the desert were gone over by the neophytes without bad results.

The initiation was a big success according to reports received from the Hilly City.

All of the Alexandrians who attended report having had a most enjoyable time. They returned home early yesterday morning.

TEMPERANCE MASS MEETING

Mrs. Deborah K. Livingston of Rhode Island, field representative of the National Woman's Christian Temperance Union, will speak in the lecture room of the M. E. Church South, Tuesday evening, April 29, at 8 o'clock on the necessity of continuing the temperance work.

Mrs. Livingston, of Scotch birth, the wife of a clergyman, is a fluent and eloquent speaker and the public is cordially invited to hear this talented woman speak in the interest of the temperance jubilee. The meeting will be under the auspices of the Willard and Allison Union's of this city.

BIG ROBBERY AT HOTEL BELVOIR

Mrs. F. B. Dutton, Manager of Hotel Loses $300 Saturday Night

TAKEN FROM TRUNK

Watch and Other Valuables Left Undisturbed—Duplicate Key Used to Open Trunk.

Mrs. F. B. Dutton, manager of the Hotel Belvoir, was robbed of nearly $300 Saturday night which was locked and a trunk in her room on the second floor of that hotel.

The money was intact at 8:40 o'clock when Mrs. Dutton left the hotel for a short time. She returned shortly before 10 o'clock when she says she was informed by a colored employe of the house that he saw a man climb over the back fence.

Her suspicions at once became aroused and she immediately proceeded to her room. To all appearances there was nothing out of order except that a screen had been removed.

Mrs. Dutton, however, unlocked her trunk and then discovered her loss.

The trunk had been opened with a duplicate key and a gold watch and chain and other valuables were undisturbed. Nothing but the money was taken by the thief.

The money stolen included a $20 gold piece, three $10 gold pieces and one $2.50 gold piece, the remainder being in paper including one $50 bill.

A report of the robbery was made to the police and two colored suspects later were taken in custody. However, up to the present time, no tidings of the stolen money has been received.

Mrs. Dutton thinks it was an inside job and the police are working on this theory.

MINSTREL SHOW MAY 6-7

Everything is in readiness for the big minstrel show which will be presented by the Seminole Players, in the Alexandria Opera House on Tuesday and Wednesday, May 6-7, for the benefit of the Ship Builders Union No. 369 of the Virginia Shipbuilding Co.

These players have been rehearsing for the past month and much progress has been made by the troupe.

The original Leonada quartette will appear in their cotton plantation scene and sing their famous southern melodies. As has been stated in these columns before, this quartette has not appeared before the public of this city for the past twenty years, but the Seminole Players have secured their service and promise a treat to the lovers of old southern melodies.

Another added attraction will be the band of Ukelele Players. The music rendered by these players is full of harmony and sweet melody.

The end men need on introduction to an Alexandria audience as these funny boys have appeared in other shows given by this troupe. From the way the seats are being sold a capacity house will greet these amateurs at each performance.

LARGE WARSHIP

New York, April 28.—The Dreadnaught Tennessee, the greatest battle unit of the super-Dreadnaught type ever constructed in American yards, will be launched at the Brooklyn Navy Yard Wednesday.

Miss Helen Roberts, of Nashville, daughter of the governor of Tennessee, will christen the vessel. The ship displaces 32,000 tons and mounts twelve 14-inch guns, which will hurl a broadside weighing 17,000 pounds for twenty miles.

She will be completed and ready for service by 1920 and will be assigned to division 7 of the Fourth battle squadron.

NEW FIRM

Alexandrit to Have Another Real Estate And Insurance Firm

Edwin E. Carver and Charles A. Callahan, both residents of Alexandria, have formed a co-partnership for the conducting of a real estate and insurance business as noted in their announcement on another page.

The business will include real estate transactions of every descriptions and all lines of insurance agencies.

They have secured the agency for some of the largest and strongest insurance companies in the country, and it is their intentions to operate not only in Alexandria but in the territory adjacent as well.

Mr. Carver was formerly secretary and treasurer of the Alexandria Fertilizer and Chemical Company here, and prior to that was associated with the American Agricultural Chemical Company.

Mr. Callahan was connected with the Citizens' National Bank as receiving teller. He and his family have long been residents of Alexandria.

The Gazette extends its best wishes for success to the new firm.

A TRAINLOAD OF TRAGEDY

Work of Huns Seen Among Repatriated French Girls at Evian

The last convoy that I saw at Evian (the French border town where the civilians from the territory occupied by the Germans were repatriated) was one of children, three or four hundred of them, many quite young. Most of their mothers were held in Germany. They were emaciated beyond belief.

I joined a girl about 15 years old, with a terrible calm about her. There was a golden halo of hair round her head; she had gentle, sweet manners and voice. I longed to put my arm around her and try to make her a girl again, but that was impossible. There was another girl of 17, I should say, with a beautiful face, but she was quite crazy. A number of the children were lying in the train waiting for burial. They were mostly girls between 15 and 18, and perhaps it is for the best that their troubles were at an end.

A French officer, with a look of intense agony in his face, distracted my attention from the children. I stopped beside him. "What it it?" I asked almost involuntarily. "My wife has just died in the enemy's hands, also my girl of 17 at last. Thank God! Three times I have been here to meet my boys, whom I have not seen for four years. They were 2 and 3 years old then, and today"—he paused with a look of horror in his face. "Not dead?" I asked, feeling I could not stand the answer. "No; but they do not know me, their father, whose soul yearns for them. I thought I was prepared for everything the enemy could do to me, but this is unbearable." And he broke into convulsive weeping, completely unnerved.

PEACE CONFERENCE

Treaty Ready in Two or Three Days, Paris Temps Says

Paris, April 28.—The Temps yesterday says that two or three days will suffice for the council of three to approve clauses in the peace treaty that remain to be clarified. It adds that the committee entrusted with preparing the program concerning Alsace-Lorraine has achieved a definite draft in which all the claims of France are admitted.

La Liberte says Capt. Andre Tardieu has been invited to prepare the outline of the peace treaty text which is to be handed to the German plenipotentiaries and that this indicates that the Italians indorsed all the treaty's essential clauses before they left Paris.

The nations left outside the league of nations under the new covenant are:

Germany, Costa Rica, Bulgaria, Mexico, Russia, Turkey, Austria, San Domingo and Hungary.

ONE-FOURTH OF LOAN IS TAKEN

Up to Noon Today $136,000 of Victory Bond Sold

ALLOTMENT IS $554,800

Honor Roll Committee Will Begin Canvass of City To Explain How lowing Investigation.

Alexandria up to noon today has sold one-fourth of its allotment of the Victory Loan bond or exactly $136,000. The city's allotment is $554,800.

Robert S. Jones, chairman of the local committee, stated this afternoon that he felt satisfied that Alexandria soon will surpass her allotment and before many days "go over the top" with colors flying. Mr. Jones paid a glowing tribute to the splendid work being done by the women's committee in connection within sale of the bonds.

Every man, woman and child in Alexandria should purchase at least one of these bonds before this drive ends. There is no better bond investment in the United States than the Victory Bonds paying four and three quarters per cent interest.

The honor roll committee of the Victory Loan composed of Charles F. Holden, Robert E. Knight, J. T. Washington, John G. Graham, Samuel W. Pitts and Charles W. King announce that they will begin to canvass the city for the purpose of explaining the Honor flag and Honor Roll. Any business concern with fifteen employes can secure this flag when seventy-five per cent of the empolyes subscribe for bonds.

All should remember that this probably will be the last opportunity to secure such an emblem. This emblem surely is worth working for.

Today marks the beginning of the second week of the drive and there is renewed activity on the part of the various committees to put Alexandria "Over the top."

TYPHUS RAVAGES POLAND

Death Rate Is Put at 10,000 Weekly By Red Cross Workers.

Washington, April 28.—Typhus is sweeping Poland at a rate which is causing 10,000 deaths a week and which threatens to increase unless steps are taken immediately to check the disease by providing the inhabitants with proper food and medicines, soap and clothing and by the establishment of delousing plants. There are 300,000 cases of typhus in Poland with tuberculosis a close second in many sections. The authorities fear cholera and dysentery will add to the death roll as the warm weather approaches.

Reports to this effect were received today at American Red Cross headquarters from its commission to Poland, members of which have returned to Warsaw after investigating conditions in all parts of the country. Typhus has hit the coal mining districts about Dambrowa particularly hard, the death rate having jumped from 32 per thousand in 1913 to 160. Physicians say only 20 per cent of the population in this region is free from tuberculosis.

Czestochowa, the celebrated shrine town of Poland, has been reduced to from a population of 100,000 to 70,000 Before the war its birth rate was 47 per thousand. Now the rate is 22 per thousand. The death rate for the town is just the reverse. People have organized a sanitary campaign, a feature of which will be public talks on hygiene by the American Red Cross workers. Facilities for bathing and cleansing wearing apparel are being established.

Red Cross workers and representatives of the United States Food Administration are co-operating in the work of supplying medicine and food to the sufferers.

DIED—ON Sunday April 27 at 1:30 p. m., at Catawba Sanitorium, Va., LILLIAN M. HALL, daughter of Mr. and Mrs. Charles C. Hall. Funeral Wednesday at 4 o'clock from the residence of her parents, 314 South Fairfax street. Relatives and friends invited to attend.

DRIFTING TO WAR

Demonstrations in Itxly More Marked Than in Days Before Former Plunge.

Paris, April 28.—Disquieting information was received here today indicating that the demonstrations throughout Italy for annexation of Fiume and the Adriatic ports began several weeks ago, with the evident purpose of strengthening the hands of the Italian diplomat at the peace table here. The Italian situation is causing the peace delegates to fear that Italy is fast progressing toward new hostilities.

A dispatch from Rome to the Temps today declared that the demonstrations occurring in that city just prior to the declaration of war against Germany and Austria-Hungary in 1915 could not compare with the enthusiasm now being manifested throughout Italy for possession of Fiume. The whole nation is said to be united in the demand for the disputed city.

Foreign Minister Sonnino, when asked for a statement, said: "the fact that the entire Italian delegation left Paris for the one reason that Fiume was not granted to Italy, is sufficiently significant. I do not believe further comment is necessary."

STANDING PAT

Burleson Replies to Labor Head's Threat of His Extinction.

Postmaster General Burleson, maintaining the barrage of statements which he has laid down since the fight against him reached its height, last night replied to the assertion of Samuel Gompers, president of the American Federation of Labor, that "he would have to walk the plank, sooner or later."

The Postmaster General stuck by his guns, and reiterated that a "strike on the part of employes of the government, or those working for the government is not permissible." In this category he placed the striking New England telephone operators.

After paying tribute to Gompers for his war work, Burleson says: "The Postmaster General undoubtedly is at variance with Mr Gompers on the matter of the relation between the government and those who are employed in its service. As the Postmaster General sees it, it is little short of silly to talk about collective bargaining with an executive officer by civil service employes under his administration. The salaries and wages to be paid such employes, the hours of labor and working conditions are fixed by the legislative branch, and it is for the executive head of a department to strictly follow the law in respect thereto.

"In the matter of fixing compensation the Postmaster General has always believed that sound public opinion could safely be relied upon to see that full justice is done those who serve the government."

THREE DIE IN AUTO'S FALL OF FERRY

Philadelphia, Pa., April 28.—Three persons were drowned when an automobile backed through the gates of the ferry boat Camden at the foot of Market street, at 4 o'clock yesterday afternoon.

The dead are: Lea Watkins, Mrs Anna Watkins and Spencer Watkins.

Eight persons were in the machine. The party, all residents of this city, had come from the New Jersey side on the ferry. Elwood Watkins, the driver of the machine, attempting to start, threw in the reverse and the automobile backed through the gates of the boat.

Five members of the party, Richard Wilson, Mrs. Leah Watkins, Beatrice Watkins, Mrs. Elwood Wilson and Elwood Watkins were rescued.

FREQUENT ROBBERIES

During a civil war, when the population of Alexandria was doubled within a few months, many questionable characters made their way to this city for the purpose of living on others in one way or another. As the war progressed this class increased in numbers, and shortly before the close of the conflict, when high bounties were being paid enlisted men, robberies became frequent. In some cases murders were committed. It was an ordinary occurrence for a soldier to be knocked down by footpads and relieved of his money. Others, too, were victims of holdups, and numerous burglaries were committed.

The city was under martial law, and the military finally found it necessary to issue an order for the arrest of all men who had no visible means of support and such were made to leave the city.

During the past year the population of Alexandria has been greatly increased; wages are high and much money is in circulation; hence "apaches" have made their appearance here.

Four robberies have been committed during the past few days. A man was held up and robbed at the point of a pistol in West End Saturday night; another was relieved in a similar manner on Cameron and West streets half an hour later, and last Wednesday night a young white man was stopped by a negro carrying a pistol and robbed of over $40.

Three hundred dollars were taken from a trunk in a hotel last night. On Friday night $160, a suit of clothes and a gold watch were stolen from another public house.

Three negroes, identified by victims of highway robberies, were arraigned in the Police Court this morning. They were sent on to the grand jury.

LISTING DOGS

During the past few days the members of the police force have been endeavoring to secure the names of persons owning or harboring dogs. They are making house-to-house investigations. After the first of June persons found owning or harboring dogs without having procured licenses will be subject to fines.

Baltimore is in the throes of a mad-dog scare, several canines, believed to be suffering from hydrophobia, having been seen in that city recently. The papers of that city are naturally alarmed, and editorials referring to dangerous brutes are appearing daily. The Sun, in commenting upon the anxiety manifested, says:

"With the approach of warm weather the dog question becomes again one of great community interest. There is complaint in many sections of the city that the ordinance making licenses for dogs compulsory is widely ignored, and that the requirement that dogs must be muzzled or in leash when on the streets is frequently violated. Since the transfer of authority in the matter of enforcing the law and in the impounding of stray and unlicensed dogs, it is alleged there has been a serious retrogression in supervision and in the general system of management, as well as a decided increase in cases of rabies. The Board of Health, in this week's bulletin, dwells at some length on the dangers of rabies, and calls attention to the importance of precautionary measures.

The authorities in Alexandria are preparing to enforce the dog law, and those who fancy the animals should take due notice and act accordingly.

PISTOL-TOTERS AND VAGRANTS

Among the prisoners in the Police Court this morning were two negro men charged with having pistols in their possession. Shortly after reports of highway robberies had been made to the station house Saturday night members of the police force started in search of the footpads. The officers accosted all suspicious negroes and searched them. They found two thdy stopped carried pistols. One had a large-size revolver, and the other a smaller weapon, from which the chamber had been removed. They were fined $50 each. The man with the smaller pistol paid his fine. It was shown that he had had the firearm repaired Saturday and that the cylinder was in it when he left the repair shop. He had evidently managed to remove the chamber before the officer searched him. He supposed that as the weapon was powerless without the chamber he could not be fined. This dream, however, had no effect upon the court.

A negro who was suspected of highway robbery was sentenced to serve ninety days in jail for vagrancy. The execution of judgment was suspended for one hour, however, in order that the delinquent might secure employment. A policeman was directed to conduct the laborers are always wanted. He is required to report to the station house each Saturday in order to show his good faith, otherwise he will be sent to jail to serve his term.

A negro from Washington, who was found in a house of ill-fame recently, had his case disposed of in a similar manner.

A young colored woman, charged with lasciviousness, was sentenced to serve ninety days in the workhouse. Suspension of the execution of judgment was also suspended in her case in orde rthat she may se her case in order that she may seport weekly to the station house.

MOB VIOLENCE

The race between the law's dignity and mob violence, with the body of Isniah Fountain, colored, charged with assaulting a thirteen year old school girl, the prize, ended fortunately for the State's self-respect says the Baltimore Sun.

"But the episode injected an extraordinary element into the process of Fountain's trial. The case was already under way when an excited mob tried to get the man out of the Sheriff's hands. As the presiding judge afterwards pointed out, his flight was not from the law but from the mob. The jury was held ready to resume the trial the moment he was recaptured. He was brought back, and the case went on in an atmosphere surcharged with public excitement.

8 saq: tniyr mod omd om doh r

"The verdict may have been just. But the Constitution prescribes certain safeguards that must be heeded even in reaching a just verdict. Were the circumstances such that this man could possibly have been given the benefit of any doubt as to his guilt? None can deny that the jury must have been under great pressure to find him guilty. Indeed, even had he had a fairly clear defense, it seems as if the only sure way of saving his life without riot would have been to condemn him, get him out of the local jurisdiction and then retry him.

This was not a jury trial within the meaning of the Constitution nor such as any man, guilty or not guilty, is entitled to."

Diamond SQUEEGEE TREAD Tires

When Your Tires "Cash in" Your Checks

Just as certainly as you buy a tire, you know that some day it will "cash in its checks"—and yours!

That day you'll measure its mileage against the sum you paid for it. Not until then, probably, will you know whether that brand of tires really gives you your moneys' worth—

Unless those tires be Diamonds. You can count on Diamonds to roll up 5,000, 6,000 and 8,000 miles persistently—though they COST LESS than most other tires.

For example, in winter driving *with chains*, 341 Diamonds averaged over 5,000 miles on Quaker Cab Co. taxis in Philadelphia. The Texas Co. with over 500 cars, averages between 6,000 and 9,000 miles with Diamonds.

Why not cut *your* tire upkeep with a Diamond?

EIGHT BURNED TO DEATH

Two Families Practically Wiped Out in Fire at Reidsville, N. C.

Danville, Va., April 28.—Eight persons cremated in two fires occurring within 24 hours in the extent of catastrophes at Reidsville, N. C., a small tobacco town near here. Mrs. Eva Galloway and her three children, Lou, 8; Sallie, 5, and Alfred, Jr., 3, perished Saturday morning at 3 o'clock, when their Main street home burned. Frank Allen, colored, his wife and two children perished in the sam manned early Friday morning, when flames burst out at the same hour. In both instances fire attacked first the only exit for those in the homes. The police have no clues to a deliberate attempt to fire the dwellings. Mrs. Galloway discovered her house on fire as she descended the stairs. She telephoned an alarm, rushing back to save her children. The flames blocked the stairway and cut off her escape. Her body half consumed, was later found kneeling as though praying over the bodies of the children. Two roomers had close calls. Residents driven frantic as they impotently heard screams say a ladder would have rescued the Galloway family. Mrs. Galloway was a daughter of H. C. Harris, wealthy tobacco manufacturer. Her husband, a traveling man with headquarters in Greenville, S. C., was on his way home for the first time since Christmas when his family was being wiped out.

Allen on Friday before retiring had locked his front door from the outside, making a complete firetrap. The house was consumed and only a part of the bodies was discovered.

Which Road Are You Traveling?

There are two roads in life. One leads to a quagmire of nothingness. The other leads to success. Both are lined with sign posts to show the weary traveler in which direction he is moving. But many people go along, their eyes on the skies, on the ground, or unseeing in dreamland, never noticing that they are advancing on the wrong highway. Do you know which road you are traveling? Here are the sign posts. The end of one will find you empty-handed. The end of the other will find you with funds for a sunny opportunity—with War Savings Stamps and Liberty Bonds working for you at over 4% interest.

Spendthrift Road.

"This is on me."
"One more of the same."
"Lend me five."
"Charge this."
"Here, boy."
"Where do we go from here?"
"Let's have another round."
"You can go home any time."
"Your money's no good."
"I can't be bothered with small change."
"The sky's the limit."
"I'm paying for this."
"Don't be a piker."
"It's all in a lifetime."
"More where this came from."
"Easy come, easy go."
"Eat, drink and be merry."

Thrift Road.

"What is the price of this?"
"One will do."
"The walk will do me good."
"No, thank you."
"I can't afford that."
"Give me your best price."
"I'll carry this."
"I promised my wife."
"I need the money."
"Let me pay my share."
"I can get along without this."
"I'll get it as I need it."
"Is it worth seeing?"
"A penny is as good in my pocket."
"This is what I've gotten for my money."
"I could, but there are more necessary things to be taken care of first."

DIDN'T TURN OTHER CHEEK

Rev. Dr. Kinsolving Punched Man Who Forced Way into His Home

Rev. Dr. Arthur B. Kinsolving, rector of Old St. Paul's Protestant Episcopal church, Baltimore is suffering from a broken knuckle on his right hand, which he admits is the result of a blow he planted on the face of an intruder in his home at dawn Tuesday. Rev. Dr. Kinsolving is very sorry that he hit the man, but says he was forced to do so.

Mrs. Kinsolving was aroused by a rapping upon the door of the Kinsolving home, Saratoga and Cathedral streets. Thinking that it was a hospital call for her husband, she went to the door and the man, who gave strong evidence of being on a spree, pushed past her and demanded to be shown upstairs. Mrs. Kinsolving became frightened and called her husband.

Rev. Dr. Kinsolving went downstairs and endeavored to reason with the man, but the intruder became ugly and endeavored to strike the minister, whereupon he was met with the blow that put him to flight.

BULLET IN DIVORCE CASE

Woman Shoots Husband As He Testifies.

Chicago, April 28.—A divorce case in Judge Brothers' court came to a dramatic close Friday afternoon, when Mrs. Elmer R. Simpson shot her husband, who was on the witness stand, through the mouth, inflicting a probably fatal wound.

Simpson was testifying quietly. Suddenly his wife leaped to her feet.

"That's a lie," she cried, and fired. Simpson crumpled up in the chair, blood oozing from his mouth. Mrs. Simpson was arrested and court adjourned.

WILL END BLACKLISTS

Allies to Raise Ban on Trading With Germanized Firms.

Washington, April 28.—All enemy trading lists of the United States and allied governments will be formally lifted April 29.

Announcement to this effect was made last night by the War Trade Board at the direction of Vance McCormick, its chairman, who is in Paris.

By this action the associated powers sheathe one of the most effective weapons that was used against the Central Powers during the war. After the United States entered the war these various lists became practically one list—a blacklist containing the names of individuals, firms and corporations in every part of the civilized globe known to have connections with enemy subjects. For any person, firm or corporation to trade with one of these blacklisted concerns was to become one of the blacklisted. The whole system was a method of ostracism more complete and more deadly, from a trade standpoint, than anything of the kind ever adopted in war.

Each of the Allied powers, including the United States, had a special law of its own prescribing severe penalties for any of the citizens having intercourse with a blacklisted firm. Germanized trade agencies in all parts of the world suddenly found themselves isolated like lepers.

This announcement last night makes it plain, however, that the abolition of the enemy trading lists in no way modifies or affects the blockade which still exists against any trade with persons, firms or corporations inside of Germany. Except for the rationed food supplies that the Allies are permitting to go across the Rhine to prevent starvation, the iron circle is still around Germany, and will be until peace is formally declared.

LENINE LOSING POWER

Bolsheviks Deserting Moscow Regime to Ukrainian National Forces

Berne, April 28.—Reports that Lenine's power is vanishing rapidly, and that Ukrainian Bolsheviks are deserting the Moscow regime and joining the Ukrainian national government, reached here last week.

The Ukrainian government announced the capture of Kieff by Ukrainian troops declaring the whole peasantry of Western Ukraine is revolting against the Bolsheviks.

Rotterdam, April 26.—The Hungarian soviet government has offered to resign in favor of an orthodox socialist government, according to a Budapest dispatch via Berlin.

Budapest, April 26.—Complete lack of discipline has been displayed by Hungarian soviet troops at several points, an official statement announced yesterday.

"Roumanian troops have occupied Grosswardein and our troops evacuated Debreczin and Behaning," the communique added.

HUSBAND TO DIE

W. C. Adamson Convicted of Assaulting Girls, Attacked by a Woman

Atlanta, Ga., April 23.—W. C. Adamson, a manual arts instructor, at a local school, charged with criminal assault on a number of young girls, was found guilty by a jury in the Fulton Superior Court here yesterday and was sentenced by Judge John D. Humphryes to hang June 6.

Mrs. Adamson, who was sitting beside her husband in the crowded court room when sentence was pronounced, suddenly became mentally deranged and, shrieking loudly, attacked her husband and Attorney Hill, clawing their faces and hitting them with clenched fists. She was removed by force from the court room.

Physicians who were hurriedly summoned stated that Mrs. Adamson's attack was not an ordinary case of hysteria, but that in their opinion her mind had given way under the strain. The jury made no recommendation for mercy. The verdict, which was unanimous, left the court no choice other than the death sentencee.

Attorneys for the defense said that a motion for a new trial will be filed today.

The case was placed in the hands of the jury late Thursday afternoon. Testimony of several girls ranging in age from twelve to fourteen years resulted in Adamson's conviction. He received the verdict calmly and displayed only slight emotion when his wife was carried from the court room.

DYING OF POISON TABLETS.

John Butler, Danville, Feared to be Victim of Foul Play

Danville, Va., April 28.—After swallowing a handful of bichloride of mercury tablets on Tuesday, John Butler, aged 35, is dying at his home here. He was treated first at the hospital, but the physicians gave him up as hopeless and his wife removed him home.

The police have received a telegram from H. Butler, brother of the ailing man, in Monticello, Fla., saying he fears foul play. He asks the chief of police to make a minute investigation and asserts that a woman, named in the message, threatened to kill him. The woman named is under surveillance.

GOMPERS IS BADLY HURT

New York, April 28.—Samuel Gompers, president of the American Federation of Labor, was seriously injured here yesterday afternoon when a taxicab in which he was riding was struck by a Broadway surface car and hurled 20 feet to the curb.

Surgeons reported after an examination that two of Mr. Gompers' ribs had been fractured, his right hip sprained and that he had suffered severe body contusions. Despite the advanced age of the labor leader, who is 69 years old, the surgeons declared that there was no likelihoods of the injuries proving fatal.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young — to do this you must watch your liver and bowels — there's no need of having a sallow complexion — dark rings under your eyes — pimples — a bilious look in your face — dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

How High Will Meat Prices Go?

Swift & Company does not know whether prices will go higher or lower.

It depends upon country-wide and world conditions that Swift & Company cannot control and cannot foresee.

All the world needs meat, and only a small part of the world is raising live stock. So live stock is dear now, and meat prices must keep pace.

Competition will continue to keep the "spread" low so that the price you pay for meat will be as close as possible to what must be paid for live stock.

Our profit of only a fraction of a cent a pound, is no greater when prices are high than when they are low.

LEAGUE OF NATIONS

Revisal Covenant to be Presented to Revised Covenant to be Presented to 4ry Session This Afternoon

Washington, April 28.—In the revised covenant of the league of nations which is to be presented this afternoon to the peace conference in Paris at a plenary session, and which was released here by the state department this afternoon for publication in the morning papers, the four chief objections urged against the covenant by American opponents of the league are met.

I. The validity of the Monroe doctrine is specifically recognized.

II. It is provided that any member of the league, after two years' notice of its intention may withdraw from the league, provided that all of its, international obligations, and all of its obligations under the covenant shall have been fulfilled at the time of its withdrawal.

III. To meet the criticism that there would be an inequality of voting power, Great Britain with her dominions having eight votes to one for for the United States, it is provided in the new covenant that "decisions at any meeting of the assembly or the council shall require the agreement of all the members of the league represented at the meeting."

IV. No member of the league can be made a mandatory for the government and administration of any colony and territory unless it be willing to accept such trust. This puts it squarely up to congress as to whether or not the United States shall undertake the trust of governing any foreign people.

To the new covenant there is also an "annex" which names the original members of the league of nations and names also the states that have been invited to accede to the covenant which are:

The United States of America, Belgium, Bolivia, Brazil, British Empire Canada, Australia, South Africa, New South Wales, India, China, Cuba, Czecho-Slovakia, Ecuador, France, Greece, Guatemala, Haiti, Hedjaz, Honduras, Italy, Japan, Liberia, Nicaragua, Panama, Peru, Poland, Portugal, Roumania, Serbia, Siam and Uruguay.

The states invited to become members of the league are:

Argentine Republic, Chile, Colombia, Denmark, Netherlands, Norway, Paraguay, Persia, Salvador, Spain, Sweden, Switzerland and Venezuela.

BODY FOUND IN RAVINE

Doctor Accused of Death of Army Nurse

San Francisco, April 28.—About a house in the secluded peninsula residence district of San Mateo is is centered a solution of the slaying of Miss Inez Reed, army nurse, who met her death there March 6 and from which, according to the police, her body was taken by automobile and thrown from a cliff into a wooded ravine.

Dr. Ephraim Northcott, San Francisco practitioner, is held in the San Mateo county jail awaiting trial charged with her death. While Dr. Northcott has insisted that the Army nurse never was a resident of the San Mateo house, the police have found peninsula tradesmen who have positively identified her as having been there from March 3 to March 6. This, the police say, was the one link necessary in the circumstantial chain woven about the physician that resulted in his arrest.

The man who brought about the downfall of Miss Reed is a major in the United States Army, it was stated yesterday at police headquarters.

Miss Kathryn Fisher, a nurse, told the police that she had been engaged by Dr. Northcott to care for Miss Reed following an operation in the Mexico San Mateo house.

TWO MEN ASPHYXIATED

Virginians Found Dead in A South Baltimore Boarding-House

Baltimore, April 28.—Believed to have turned on a gas jet accidently during the night, John E. Borun, 60 years old and H. Wynn, 33 years old, both of Portsmouth, Va., were found dead in bed at the boarding-house of Mrs. Bessie Brown, 1238 William street. Coroner Reinhardt gave a certificate of accidental death. Both bodies were taken to the morgue in the Southern district ambulance.

The men were discovered when one of the boarders detected the odor of gas in th hallway of the house. He and Mrs. Brown investigated, and upon forcing the door of the room found the gas flowing from an open jet and both men dead.

STANDS BY SUIT

Anxious to Tell of Alleged Atrocities In Virginia Prison

Richmond, Va., April 28.—To combat motion made by counsel for Maj. James B. Wood and other officials of the State prison, asking dismissal of proceedings instituted for the recovery of property and evidence of alleged value in his suit against the officials, Thomas J. E. Yocum, resident of Pennsylvania, will today appear before Judge Waddill in the United States circuit court.

The evidence and property in question is that which is alleged to have been taken from Yocum, while he was a prisoner in the institution. It, he says, relates to treatment accorded him by Maj. Wood, Roland Penn and Herbert Mann. Much of it is notes—some in Greek—kept in the nature of a diary and dealing with alleged atrocities perpetrated upon him self and other prisoners in the penitentiary.

BIG APPETITE FOR SAFE INVESTMENTS

Between Twenty and Twenty-Five Million Bond Buyers Take Billions in Short Periods.

Pessimists who shake their heads and join the chorus of "I dunno" boys at the prospect of floating a fifth Liberty Loan in April are administered a knock-out by figures which have recently been compiled by officials of the Treasury Department at Washington.

The figures give an idea of just how big an appetite for safe investment this country has attained in its war year. Some of the more striking of the figures referred to follow:

A bond market which had less than 300,000 customers two years ago had at the close of 1918 between 20,000,000 and 25,000,000 buyers. The army of buyers absorbed $11,156,565,350 worth of bonds in Liberty Bonds alone in 1918.

In the two years of the war—counting the first and second Liberty Loans which were floated in 1917—these bond buyers digested a total of $16,974,329,850 in Liberty bonds.

This healthy condition of the bond market is explained, perhaps, by the fact that the entire indebtedness of the United States today amounts to slightly less than 7 per cent of the estimated national wealth. The national debt amounts to only about $170 per capita.

Some of the national debts are:

Great Britain, 44.3 per cent cent. of national wealth or $360 per capita; France, 41.25 per cent of national wealth or $296.90 per capita; Austria, 84.66 per cent of national wealth or $242.90 per capita ;and Germany, 38.7 per cent of national wealth or $505.90 per capita.

These figures on Germany are exclusive of the ninth war loan, accurate returns of which never were had, and in the cases of both Austria and Germany no account is taken of any indemnities which those nations will have to pay.

1,000 BAKERS TO STRIKE

Abolition of Night Work is Chief Demand of Chicago Breadmakers

Chicago, April 28.—Ten thousand bakers have voted to strike tomorrow, when their contract with employers expires, unless their demand for cessation of night work is complied with before midnight.

Friday the master bakers assented the demand of the men would not be granted and that they had made preparation for resisting the prospective strike. The men made a demand for increased wages and no night work several weeks ago.

Abolition of night work, it is said, would involve increased machinery and radical changes in the baking plants such as the employers declare they cannot undertake.

HEAD CRUSHED WITH STONE.

James L. Tydings Murdered for Week's Pay Near Annapolis

Annapolis, Md., April 28.—James L. Tydings, a white man, aged aobut 60, was found dead with his head crushed about noon yesterday near Robinson, a station of the Short Line Railroad, 8 miles above Annapolis. A heavy stone covered with blood, which had evidently been used to kill him, was found nearby. The man was employed at the Brenan sand banks near Robinson's, and had been given $30 as his week's pay Saturday evening. The money was gone, indicating the purpose of the murder .

INTEGRITY OF CHINA

American Peace Envoys Working To Unloosen Japan's Hold From Celestial Republic.

Washington, April 28.—The integrity of China and her right of live and develop along her own lines, free from the shackles of either false friends or benevolent neighbors, is one of the things which the American Government set itself to accomplish at the beginning of the peace proceedings, and in the direction of which it has moved resolutely ever since.

And it is apparent from developments at Paris in the past few days that the President is making headway to that end, notwithstanding the demands of Japan for a free hand in dealing with China or the reluctance of other powers to withdraw their support from the general policies which the Tokio Government is urging.

There are three distinct agreements entered into by Allied nations affecting the fortunes of China upon which the President is standing in his effort to safeguard the future independence of the Chinese Republic. The first, of course, is the Hay Doctrine proclaiming an opendoor policy respecting China, a doctrine pronounced more than 20 years ago and acquiesced in by all the interested nations at the time. This was a bold but a successful stroke in American diplomacy and was a monument to the resourcefulness of President McKinley's Secretary of State.

In 1908 the Root-Takahira agreement was entered into by the United States and Japan, an agreement which reaffirmed the principles of equal opportunity for commerce in China and pledged both nations to safeguard the independence of the Chinese nation. This was followed in 1917 by the Lansing-Ishii understanding whereby the United States recognized the "special interests" of Japan in China, but which contains an important reservation.

This reservation provides that the territorial sovereignty of China is to remain unimpaired and expresses the confidence of the United States in the assurances of the Japanese Government "that while geographical position gives Japan such special interest, they have no desire to discriminate against the trade of other nations. Moreover, they mutually declare that they are opposed to the acquisition by any government of any special rights or privileges that would affect the independence or territorial integrity of China or would deny to the subjects or citizens of any country the full enjoyment of equal opportunities in the commerce and industries of China."

WORSE THAN BIG DEBTS

Commercial Germany Demands Quick Peace

Berlin, April 28.—Government officials were perturbed today at the unexpected movement on the part of certain powerful industrial and commercial interests demanding less diplomacy and more plain business which would result in a speedy signing of peace with the Allies, even though the terms may be heavier than they expected.

It is understood the Cabinet is equally divided between those who want to sign and those who do not.

The general official opinion is that the specter of Bolshevism affords more cause for worry than prospect of a heavy debt to the Allies. Industrial concerns are urging the Government to sign peace quickly in order that the Allied blockade may be completely lifted, as they fear a continuance will ruin German industries and increase ill-feeling thus making a resumption of commercial relations all the more difficult.

Alexandria Real Estate as an INVESTMENT

Alexandria has almst doubled her population in two years. NOTE—The increase in population is at present largely housed in rooms and over crowded apartments.

Less than 10 per cent of the thousands employed at the Virginia Shipbuilding Corporation Plant have their families here.

Only 60 per cent of the 900 men in Potomac Yards are located in Alexandria.

The Torpedo Plant will bring hundreds more. What does this increase in population mean?

It Means LAND VALUES will increase—RENT VALUES will increase.

Now is the time to buy lots if you want to build for investment or if you want to build to escape the high rents

ROSEMONT is the logical home section in or near Alexandria. It has those improvements necessary for first class homes—Sewer, water, gas, electricity, curb, gutters and cement walks. All paid for and included in the price of the lot. Lot prices only $350 and up.

RIOTOUS SCENES IN ROME

Despite Alarming Reports. Italy, It Is Believed, Will Not Go to Limit

The State Department announced Philadelphia, April 28.—Physic-Ambassador Page in Italy a cable message reporting the riotous scenes in Rome caused by the announced withdrawal of the Italian delegates from the Peace Conference and President Wilson's stand on the Fiume question. The message was not made public.

Feeling in official circles indicated the belief that Italy would not "go the limit" on her threat to withdraw, despite alarming reports from both Paris and Italy. It was suggested that sober second thought would reconcile the Italian people and their government to the benefits of continued peace together with the coal, food and shipment of supplies daily sent from the United States, rather than maintain an obdurate stand, which possibly would lead to war.

There was no attempt to minimize, however, the possible danger of war, especially in view of the fact that Italy now has 2,500,000 under arms, and that the fiery temper of her nationalistic exhaltation might lead to serious consequences.

Opposed to Italy's forces would only be between 250,000 and 400,000 Jugo-Slavian troops, although this army is one skilled in warfare in the country which would be the theatre of such a conflict as is foreseen as a possibility.

Confirmation of reports that Italy had sent thousands of soldiers into Fiume were obtained yesterday, while letters received from that city bore Italian stamps, showing that Italy has been in complete possession for some time.

CANCELS SHIP CONTRACTS

Additional 2,000,000 Tons of Steel Hulls Stopped by Chairman

Washington, April 28.—The en- United States Shipping Board program is being completely overhauled.

Chairman Hurley, who is in Chicago, wired yesterday that "we now find it necessary to cancel an additional 2,000,000 tons of steel ships."

Since the signing of the armistice on November 11 last the Shipping Board has cancelled contracts for approximately 550 vessels of some, 2,700 000 tons. The total aggregate contract price for these ships was more than $400,000,000.

With the "slash" just announced it means that since the cessation of hostilities the construction of some 4,-700,000 tons of steel ships has been abandoned. The "wartime peak" program of the Shipping Board called for some 16,000,000 tons of ships.

This does not mean that the entire Shipping Board program is "going to smash," declared Chipping Board officials here last night, but that it is "imperative to reduce the output to fit the special trade needs of the country" now that the war is over and "the avalanche of ships the war demanded is no longer required."

GIRLS TRIES TO DIE

She Had Just Obtained Work When Ordered Out of Room

Friday that it had received from lans at St. Joseph's Hospital hope to save the life of Frances Kolesky, 18, attempted suicide by inhaling gas.

She occupied a room in a house on Brown street, near Fifteenth. She has been without work for weeks and was in arrears in rent, but had just obtained employment at Hog Island.

According to the police, the girl's landlord told her she could not remain in the house nor remove her belongings. She went to her room to make preparations for leaving, and a few moments later was found unconscious from gas fumes, the police say.

KILLED IN AUTO PLUNGE

A. I. Luhrman, of Cumberland, Crushed in Fall Over Cliff

Cumberland, Md., April 28.—Alphonsus I. Luhrman, aged about 60, blacksmith, of Cumberland, Md., was almost instantly killed yesterday about noon, and his wife, Margaret Luhrman, was probably fatally injured when their automobile plunged over an embankment as they were entering Westernport The machine went over a declivity almost straight down, at least 100 feet, rolling down ovea number of times.

Their daughters, Emma M. and Regina Luhrman, and Howard Leasure, were injured. Leasure's condition is thought serious. He is in a semi-conscious condition. The injured were removed to Hoffman Hospital, Keyser, W. Va., and the body of Luhrman was brought to an undertaking establishment here. It was badly crushed.

Mrs. Luhrman is crushed about the chest and broken ribs are thought to have punctured the lungs. The hospital authorities stated there was little hope for recovery.

The Luhrmans purchased a new car about two weeks ago and Mrs. Luhrman was driving. There is a dangerous turn on this hill, with ugly ruts in the road, and it is thought Mrs. Luhrman, who was an inexperienced driver, was jolted out of the rut, causing her to release the wheel. A number of persons sitting on their front porches saw the car take the tumble and rushed to the scene to give aid.

AUTO HURLED 50 FEET

Express Train Hits Machine in Baltimore Suburb—Four Killed

Baltimore, April 28.—In a collision between an automobile and a Pennsylvania Railroad express train Saturday evening, near Sparks, a suburb of Baltimore, four persons lost their lives. The dead are: Nathaniel Smith, aged 60; Willis A. Smith, aged 30; Calvin Pierce, aged 30, and Myrtle Riley, aged 20. All were residents of Sparks.

Mr. Pierce and Miss Riley were killed instantly, but Mr. Smith and his son, who were unconscious when found died at Franklin Square Hospital.

The train was bound for Pittsburgh and was making high speed when it struck the automobile, which was thrown 50 feet through th air and its four occupants were thrown to the opposite side of the railroad tracks. Engineer Daniel Shepp stopped the train as soon as he could, and with the remainder of the train crew, Conductor J. V. Love, Brakeman, Chas. E. Leather, and Baggaeman E. Baugh and J. Cline, went back to the victims.

The only explanation of the accident is that the occupants of the car, which was driven by Calvin Pirce, did not see or hear the approaching
